Reed Diffuser Supplies	21
Spices & Culinary Herbs	5-7
Spice Blends	3-4
Teas, Loose Bulk	8-9
Vegetables, Dehydrated	10

Dear Customers,

This is our 35th year in business and our first Annual Catalog. Over the years, we have changed from a mail order company to primarily an internet and telephone based company. Our catalog has changed to reflect that, transforming from a mail order flyer to a booklet. Now that we are printing an annual catalog, we recognize that there will be many more changes from one catalog to the next. This catalog is meant as a guide to what we offer. It reflects the availability and pricing at the time of printing, but for the most up-to-date pricing and product availability please visit our web site. You'll find our potpourri recipes there as well.

Through all this change our mission has remained unchanged: To provide the best quality for the best price with the best service.

Thank you for letting us serve you,

*Neil Hanscomb
John Rabiolo*

REED DIFFUSER SUPPLIES

Reed diffusers are a clean and stylish way to scent a room. They offer a contemporary natural look with our glass bottle accentuated by radiating wooden reeds. The reeds are like wicks, pulling fragrance up to freshen the air and will last many months. You can create your own custom Reed Diffusers with our selection of Reed Diffuser Supplies.

INSTRUCTIONS: We recommend pouring 6 fl oz of our Diffuser Base into Diffuser Bottle. Add 1 fl oz of our fragrance oil to bottle. Dip bundle of reeds (10 reeds) into bottle, pull out and reverse, exposing dipped end of reeds to air.

TIPS You can occasionally reverse reeds in bottle to refresh. Never add more fragrance oil to bottle, which will shut down wicking ability of reeds. You can reuse Diffuser Bottle when fragrance is spent; just wash bottle thoroughly and dry. Add fresh Diffuser Base, fragrance and reeds per instructions.

ITEM #	DESCRIPTION	Price Per Unit	
		1-4	5-24
538	Diffuser Base, 16 fl oz	8.35	7.52
545	Diffuser Bottle <i>(clear glass, 2.5 in. dia. x 5.25 in. high)</i>	1.90	1.71

CREATE YOUR OWN POTPOURRI

The art of making Potpourri is a delightful experience. Using our recipes you can create blends equal to those found only in the finest boutiques. We have carefully designed our potpourri recipes so that fragrance and appearance will complement each other. You may wish to adjust them to your own artistic preferences.

INSTRUCTIONS: Measure out all dry ingredients and blend by hand in large non-metallic bowl or paper grocery bag. With a pipette, gradually add fragrance or essential oil to potpourri. If using fragrance oil, we suggest about 1/4 to 1/2 fl oz oil per 16 cups potpourri (approx. 1 gallon), depending on strength of oil. If using essential oil we suggest 1/16 to 1/4 fl oz per 16 cups potpourri. Essential oil is very concentrated, so use sparingly.

You can scent such fixatives as Orris Root and Cellulose Fiber separately and blend with dry ingredients later.

Dyed potpourri items should be blended after potpourri is scented to prevent color from bleeding. Fixatives such as Oak Moss, Orris Root, Cellulose, Citrus Peels and Spices help absorb, preserve and release the fragrance of your blend. After blending and scenting potpourri, fill wide-mouth jars or non-metallic containers 3/4 full, cover tightly and store in cool dark place. Check fragrance after several days and add more scent if desired. Cure (let scents mingle and mellow) for 2 to 6 weeks.

POTPOURRI RECIPE TYPES

- 🌿 Classic Jar
- 🌿 Exotic Tropical
- 🌿 Herbal Bath
- 🌿 Holiday Season
- 🌿 Romantic Floral
- 🌿 Sachet & Dream Pillows
- 🌿 Simmering
- 🌿 Spring Time
- 🌿 Wedding & Flavors
